Eligible Y-12ers Now Receiving Safety Awards

Individual Articles Are Being Distributed At Various Portals

Y-12ers who participated in the ninth and tenth Carbide safety periods in which the plant operated 3,126,787 hours without a lost time accident are now receiving their individual awards.

The distribution of awards started yesterday and will continue today and tomorrow, Wednesday and Thursday, March 17 and 18, according to the announcement made last week by the Safety Department ety Department.

The great majority of the awards are being given to Y-12ers at the North, East, West and Bear Creek Portals from 6:30 a.m. to 8:00 a.m. and from 2:30 p.m. to 5 p.m. No distribution will be made at the Biology Portal but employees in the Biology Division will receive awards from C.
